

Making sure every employee dream is accounted for.

Employee benefit plans are more than pensions and retirement funds, they're the dreams, goals and futures of every employee. Which is why you need experts to make sure those benefits are as robust and protected as they can possibly be. Maner Costerisan's dedicated team works exclusively on employee benefit plans to ensure they're managed responsibly and accurately with future growth in mind. We use our longstanding connections with third-party administrators and our deep understanding of new and evolving reporting requirements to get to work. This insight allows us to offer a tailored, streamlined and comprehensive audit of your benefit plan, to make sure everything is being managed appropriately and in the best interest of your employees. Additionally, we design and manage 401K, qualified and defined benefit plans that are proven to attract and retain top talent.

Reap the benefits of giving your EBP some expert TLC.

For all that your employees do for you and your business, they deserve nothing less than Partner-level support that's 100% focused on their Employee Benefit Plans. Trust the experts at Maner Costerisan to protect and enhance everything your people are working for.

Attestation Services

With the intense scrutiny EBPs garner, reliability and accuracy is absolutely essential. Our team brings years of experience to complete a thorough review of your financial statements and provide a detailed report confirming your data is 100% accurate.

Defined Benefit Plan Management

Managing the benefit dollars in a large asset pool is a tremendous responsibility that takes vision, skill and expertise. Our experts take investment volatility, asset liquidity and fiduciary obligations into consideration to proactively manage plans. This means reduced liability and the potential for reduced costs and fees for your business or government entity. We work hand-in-hand with your employees, providing financial guidance and giving them more control of their financial futures.

401K & Qualified Retirement Planning

We're ready to design robust retirement plans proven to draw in, retain and reward top talent and manage them so you have one less thing to worry about. Our experts are on top of every evolving regulation, testing requirement, critical reporting deadline and federal requirement; so, you stay compliant and can invest in your employees' financial future with confidence.

5500 Tax Return

Our tax experts can help prepare crucial Form 5500 returns which provide the IRS with required information into a 401(k)'s operation and compliance with government regulation. Any mistakes, omissions or delays mean penalties that can add up to thousands of dollars in fines and headaches that last months. Trust our team of experts to help you stay compliant and out of trouble with the IRS.
